Ventura/Ojai/North Oxnard**

<p style="text-align: center;">Gregory Gandrud Small Business Owner</p>	<p>Our republic was founded upon the idea that our rights were given to us by God and are inalienable. As an elected official, my job is to support and defend our federal and state constitutions that guarantee those rights. Our rights are under attack from all directions. We must work hard and fight back with everything that God has given us in order to keep our republic. I will work to register more Republicans, recruit candidates who share our principles and beliefs and elect them to office, and raise money to pay to support these efforts. Thanks for your vote!</p>
<p style="text-align: center;">Bruce Holley Appointed incumbent</p>	<p>As a member of the Republican Central Committee, I realized this comes with significant responsibility. I will consciously highlight the impact they could have in their communities and emphasize the importance that their presence could be helping to build a stronger foundation for the future of the Republican Party. I took an oath when I joined the U.S. Navy, those words still ring in my heart. I have no desire to run for any elected office, remaining behind the scenes to find dedicated candidates is enough reward. I will do my best to convey logic and the truth, without demeaning other committee members.</p>
<p style="text-align: center;">James R. Hrabak Harbor Patrol Officer</p>	<p>I am running for District 1 Republican Central Committee because I'm tired of sitting on the sidelines and watching our great country, state and community be run into the ground. When elected, I would like to find, recruit and help get elected leaders that will help keep Ventura County free thru common sense leadership building a "bench" of potential candidates to run for city council, board of supervisors and school board. I'm born and raised in Southern California growing up in Ventura County and I believe it is important to bring back moral law so we can have a civil law once again.</p>

<p style="text-align: center;">Julie A. Boys Scientist/Bus Woman</p>	<p>Why is Buenaventura whose name means City of Prosperity being run with a Poverty mindset? Because the State Funds most projects, they control how the monies are spent whether or not it benefits our citizens. As a member of the Central Committee, it will be my task to find and help get elected individuals to these local positions who have COURAGE and WISDOM and ETHICS to manage our city and our schools in a way that benefits the citizens, not bow to the desires of the funders.</p>
<p style="text-align: center;">Lindsey Stetson Incumbent</p>	<p>My commitment to the Republican Party as a volunteer includes thousands of campaign calls for candidates, walking door to door to get out the vote and fundraising up and down the State. As a party, we flipped a congressional district by electing Congressman Mike Garcia. Together, won a Republican majority on the Board of Supervisors- the first in 40 years! With nearly 100 Republican elected officials in the County, Republicans hold majorities on three city councils. Additionally, Republican registration has increased 10%. However. we must continue these efforts so we can win more across our county.</p>
<p style="text-align: center;">Mary Osborn Incumbent</p>	<p>Chose not to respond "Without fail every four years when the Presidential Primary ballots arrive in their mailboxes many of my friends want to know what the Republican Central Committee is. The answer is that the Committee directs all Republican activities in the county. A responsibility that I have worked hard carrying out. We have successfully elected members to the Board of Supervisors that will represent our citizens, not special interests. We continue to register Republicans and raise money for our candidates. Winning elections is our goal and mandate. I am Mary Osborn, running in the 1st District, I ask for your vote."</p>
<p style="text-align: center;">Kevin J. Daly Mediation/Realtor/Lawyer</p>	<p>I am running for Central Committee in order to make the local communities a safer and better place to live. I hope to increase the Republican voter turnout for local elections and recruit and support local Republican candidates for office who will address homelessness, fixing our infrastructure, stopping high density housing and smart and efficient water management. I will work to address the important issues affecting citizens in district 1.</p>
