Sophia DeDomenico	As a Christian my choice to run for central committee was simple. The Lord calls us to love our neighbor as

<p>Business Owner</p>	<p>ourselves and contend for righteousness in the public square. There is only one party contending for truth and without a strong local part to that party we cannot restore goodness back into our county. When elected here is what I intend to do. First, make sure the issues that are important to God such as abortion, stay central to the party's platform. Second, find, recruit, and train electable local candidates who promise to uphold truth, beauty, and goodness. Finally, help raise money to further the message of the kingdom and the candidates who align to Gods heart.</p>
<p>Halla Maher Healthcare Account Manager</p>	<p>In 2022, I ran for city council. This journey revealed essential elements necessary for candidates to win that are currently not in place. I aim to alter this dynamic. My plan: a) Increase republican registration by recruiting registered independent/unaffiliated voters. Example of accomplishing this is precinct walking b) Seek and endorse strong conservatives to run for every open seat. c) Provide an action plan and team for candidates, to include precinct walking, and phone banking. d) Provide and be a resource for candidates e) Have on-going fundraisers. f) Have a physical office where voters can go to pick up literature, ask questions, AND ballot harvest.</p>

<p>Tim McCarthy Security Business Owner Security Business Owner</p>	<p>There comes a point in time where you realize that your life has more meaning than you thought when you were young. Collecting toys and trying to compete with your neighbors isn't important when you see that your country is about to fall. I am running because we need people who love our Flag, our Constitution, and the nuclear family more than ourselves. It's not too late to make a difference but it's getting close. I ask for your vote because I firmly believe that saving America starts at the Central Committee level where the initial decisions are made.</p>
<p>James Meyer Incumbent Retired Research Scientist</p>	<p>The Republican Party platform contains many significant positions that focus on family. These include, but are not limited to, providing for public safety, prosperous work environments, marriage as a union between one-man and one-woman, parental rights with regard to the moral upbringing, education and medical treatment of their children. As a central committee member, I would be always looking for opportunities to inform the general public as well as advance and defend these values.</p>
