<p style="text-align: center;">Deborah "Deb" Baber Retired Publishing Executive</p>	<p>Early Americans had at least one thing in common. They attended church or synagogue at least once a week and regularly read their Bibles. The source of Common Law in our land was the Ten Commandments. Americans did not need tens of thousands of manmade governing statutes for us to live happy, prosperous, and joy-filled lives! I want to influence the process of picking candidates, supporting their races, and getting them elected based on principled platforms that reflect our nation's founding documents. We must learn to vote alongside each other, not in spite of each other. I am passionate, steadfast, immensely curious, well-read, and deeply committed to winning elections, raising our families, saving our state, and restoring our republic.</p>
<p style="text-align: center;">John Barrick Deputy District Attorney</p>	<p>I graduated from Oxnard High School in 1987 and attended California State University, Northridge. I then attended Southwestern School of Law from 2001-2004. I began working in the Ventura County District Attorney's Office in January 2005. I have worked on a myriad of cases in my 19 years with the office. I spent 6.5 years in the Major Crimes-Hard Core Gang Unit while simultaneously prosecuting all of the hate crimes in the county. I have been in the Major Crimes-Homicide Unit for the past 9 years. I have twice been named Prosecutor of the Year and won the 2014 Antidefamation League's Sherwood Prize for his aggressive prosecution of hate crimes.</p>
<p style="text-align: center;">Gavin I. Flores Appointed Incumbent</p>	<p>I am a true believer in the values that America was founded on, and have great respect and admiration for our founding fathers. Most Americans still believe in America and her values. I see that firsthand as I speak to members of our community. We agree that this is still the land of opportunity and that we are a nation of laws. Yet, they still vote democrat. We need to get our message out in more effective ways. As a millennial and immigrant from a third world country, I understand the importance of America and her place in the world.</p>
